## HAHN AND HIS HAND

The Insurance Commissioner Uses It To Write

### A VERY IMPORTANT RULING

That May Have Some Effect On Hundreds Of People In This City—Fraternal Insurance Orders Must File Statements—In Effect Next Year.

No city of the population in Ohio can boast the number and importance of secret societies such as those supported by the people of East Liverpool, and anything affecting their interests is of great interest to hundreds of people in this place.

As a rule the lodges have grown and waxed strong under the guiding hand of those who were their organizers and are even now, after years of sunshine and shadow, important in the weekly life of their members. Every order of any importance in the county is represented here, and there never seems too many for others to step in and occupy a part of the field. They are progressive and pushing, and have been the means of teaching many men and women the rudiments of parliamentary law as well as keeping their lives insured at a small cost, and it is the fraternal orders that Superintendent Hahn, of the state insurance department is after.

It is the duty of Mr. Hahn to keep an eye upon all insurance companies in the state, and the other day he made a ruling that has attracted wide attention and may cause unrest to thousands of people holding life certificates in secret fraternal organizations. It is the outcome of a case taken up by a Cleveland life insurance agent, into whose hands it fell because of the death of a relative, and is not to be wondered at for the simple reason that the old companies by no means love the fraternal insurance idea. The ruling says that:

"Fraternal orders and other secret organizations doing a life insurance business will be required to file annual statements in Ohio hereafter, and be amenable to the insurance laws like other companies dealing in insurance."

"It means that they must secure licenses and report concerning their solvency and full payment of claims. As it is now few, if any, of these organizations have their headquarters in Ohio, and are doing business without a great deal of attention from the state."

The statement of the case which, it is alleged, caused the ruling, says that a young man held a policy for \$2,000 in a prominent society. After he died the insurance was settled, but the widow only received \$1,304.70, the organization claiming justification in the action by the by-laws, which provided that in case the assessment levied for the purpose of meeting the death claim did not result in sufficient returns to meet it in full, the beneficiary was to be satisfied with the amount realized. The Cleveland agent tried for three months to get a settlement out of the order, but failing in this, he handed it to F. E. Hutchins, an attorney of Warren, who worked on the case, and then rendered an opinion from the standpoint of the law of the state where the headquarters of the order are located and the law of Ohio. It was ruled by him that established orders, such as the Masons, Odd Fellows, Knights of Pythias and others could issue life certificates as an incident of the order, but that no such body could be organized for the purpose of doing a life insurance business, with the fraternal feature secondary. In order to test the matter, a high official of the order made affidavit to the facts from the standpoint of the society, and it, with the opinion of the lawyer, was submitted to Commissioner Hahn. He, in turn, handed it over to the attorney general, and the ruling quoted above was the result. In support of his position, the agent, a Mr. Drake, gave the Cleveland Leader a letter from T. R. Fletcher, deputy superintendent of insurance, which said:

"We will state that the superintendent of insurance has ruled that all so-called fraternal orders, where the insurance feature is the primary object, and wherein the payment made or promised to be made to the beneficiary of the deceased member is an obligation upon the association, must become subject to the laws of this state governing assessment life associations; this rule to go into effect on and after Jan. 1 next. Under this ruling the only fraternal orders that are exempted are those wherein the payments made by the members are absolutely voluntary, and where the payments made to the beneficiaries of deceased members are in the way of charity, and not an obligation on the part of the order."

Whether the ruling will have any effect upon the insurance orders represented in the city remains to be seen. As a rule Liverpool people are conservative, and deal but little with wild cat schemes, having been bitten a time or two in the past. If the plan of Mr. Hahn does what it intends, only the best insurance orders can do business in Ohio, and the dangerous ones will be driven out.

### FOR THE JUDGESHIP.

The Plan as Presented by the Lisbon Man.

The article in the Lisbon Buckeye, brief reference to which was made in the NEWS REVIEW of yesterday, is reproduced entirely by request:

"Assuming as a fact—and about which there seems to be no doubt—that Judge Billingsley will resign his office as judge of the court of common pleas, the question as to his successor naturally arises. This is a question in which the people have the highest interest. The office concerns their property, their liberty and their lives. Our civilization requires that all questions of dispute between individuals shall be submitted to a court. The court awards what the law gives. The hand of the aggressor is stayed; the innocent and weak are protected by the shield of the law; the sword of justice protects society from the wrong doer. Every citizen has a keen interest in the court, as he may call at or be called to its bar at any moment. The many thousands of cases pending show that such appearance is not a mere possibility."

"The office of judge exists for the benefit of the citizen, and he is more nearly concerned as to who shall be judge than who shall represent him in the legislature. The judiciary is more important than the legislative department of our government."

"The constitution of our state provides for the election of the judges by the people, and is thereby in harmony with our theory that this is a government of the people, by the people and for the people." The people are supreme, and the wisdom of their choice is not to be questioned.

"In case of a vacancy in the office of judge before an election the governor, as a matter of convenience, fills the vacancy by appointment, but only until a successor shall have been elected. The importance of the office requires that it shall be always filled, and an appointment instead of an election is a necessity. The appointment is merely an exception to the general rule, and in no wise affects the principle that the people should say who shall be judge. The governor will not appoint upon his own knowledge, but upon information. What more appropriate, then, than that the people should decide. Such indication would certainly be more potent with the governor than petitions. We all know the infirmity of petition."

"Should not the chairman of the Republican county committee immediately call a primary election for the purpose of recommending a suitable person for a judge? Let the voice of the people be heard. What say ye?"

### ONE OF THE PEOPLE.

### A SENSATIONAL STORY.

But the Court Records Will Not Bear It Out.

The published statement that the father of Daniel Courtney, who shot and killed James Swaney, a Cleveland and Pittsburg brakeman, at Beloit, was once tried for murder in this county, seems to be a fake. As the tale went, the old man, about 60 years ago, was courting a belle of this county and her parents objected. They were arranging to elope, but one day she disappeared, and the next her body was found in a swamp and Courtney was arrested and tried for murder. He was acquitted, but was about to be lynched when he disguised himself and escaped. A careful search through the records at the court house this morning failed to reveal any such case, although the correspondent went back to 1825.

### A SERIES OF LECTURES.

Doctor Lee Has a Pleasant Surprise for His Congregation.

Doctor Lee, of the First Presbyterian church, has a pleasant surprise for his congregation, and will, on Sunday evening, give the first of a series of talks on John Bunyan and the Pilgrim's Progress. They will be illustrated by stereopticon views, and the excellent reputation the gentleman enjoys as a speaker will undoubtedly fill the church to overflowing. The special services that have been held this week will end tonight, and have been well attended. The cheerful appearance because of the many electric lights in the lecture room has already done much for the church.

## WE WILL NOT BE THERE

Liverpool to Have No Representation in Cincinnati.

### NO MEETING OF THE BOARD

The Executive Council Was So Widely Scattered That It Was Useless To Call Them Together—Other Towns Will Be There.

The great river convention meets in Cincinnati next Tuesday, but East Liverpool will not be officially represented.

When the movement to place the damming of the river before congress in a way that it could not be turned down was first inaugurated, it was thought that Liverpool would be represented by a committee from the board of commerce. In the meantime it developed that the executive committee of the board was widely scattered, and it would be impossible to obtain a meeting. Secretary Purinton thought it useless to have a scattered few take action on the matter, and it eventually developed that Liverpool would not be there this year. But other towns are represented, almost every place of importance on the stream sending some of its best and most influential citizens to take part in the first start. The originators of the plan are anxious to push it through, and if the united efforts of such enterprising business men as they have in Cincinnati, Pittsburg, Wheeling and a dozen smaller but equally pushing towns amounts to anything, the river will be improved.

### THIS FOR CAREY.

A Well Earned Compliment For Tondix, Other Ball News.

"Hugh Jennings," says the Pittsburg Telegraph, "is being jollied for his great work at short. Carey, the man who saves him errors, does not get the credit he deserves in helping Jennings make his record."

The fact that Cleveland beat Baltimore in the second game for the Temple cup caused some money to change hands in town last evening. Much interest is being manifested in the outcome of the series, Cleveland being the favorite here.

Some enthusiastic fans are endeavoring to arrange a game with a good team from one of the neighboring towns when all the professionals get home. If the plan can be carried out it will be the base ball event of the season.

There is a rumor abroad that Liverpool will have a salaried team next year, the head of which is an enterprising young man with money, who believes the city will stand a little better base ball than it has had in the past. It is understood that the scheme is well under way and that some players have been approached. It is sincerely hoped there is truth in the story.

### POOR WELLSVILLE.

The Supply of Water is Almost Nothing.

The water supply of Wellsville is causing more trouble, and this time there is really danger. It is charged that the suction pipes are out of the water from the shore to the strainer, a portion of that being fanned by the pure breezes of the river. In the last 600 feet of pipe there is not a particle of caking in the joints, and through these the air is received and pumped through the town. Taken all in all the whole system is next to worthless, and it is said the authorities are thinking of hiring a few fire engines to take the place of the pumping station. If Wellsville had hearkened to the voice of warning from Liverpool and used water from our system it would not be in this condition.

### THE BRAKE CAUGHT.

A Peculiar Accident on the Electric Line.

The average street car of the Liverpool-Wellsville line has many experiences in the course of a few days, but it remained for an old one to bring out a new danger yesterday afternoon. The car was speeding along near the water works but not at a wild rate, when the track brake for some reason caught the guard rail. The car stopped in a hurry, and the motorman doubled over the dashboard as though he had been shot. The accident caused a suspension of travel for a time, but transferring was soon in progress, and the slight damage repaired.

### LOST A PAIR OF LEGS.

Awful Accident To A Dog On Franklin Street.

A large dog, evidently the pride of some fancier, met with an accident at the Horn switch yesterday afternoon. It is not known whether the animal

was struck by the pony or by a street car, but it is certain that his rear legs were cut off close to the body, and the poor brute was dragging himself along the street, presenting a pitiable sight. The animal bore his suffering patiently, and did not cry or moan. A number of people saw the animal, and while all hoped that some one would put it out of its misery, no one took action and it crawled away to die.

### MORE RAILROAD TALK.

Railroad Men Making Inquiries on an Old Route.

The news comes from the country north of the city that a party of men believed to be capitalists were along the old survey extending from Lisbon down the creek to the river. They asked many questions regarding the route, but gave out nothing of their intention. Some people who talked with them expressed the belief that another move was being made for the extension of the road from Lisbon to Liverpool. This city has heard so many stories of that character that it will require more than words to make the public believe.

### TO A HIGHER COURT.

The Winner of a Suit Not Satisfied With a Verdict.

After hearing the testimony in the case of J. A. Page, of Beaver Falls, against McGhie & Moore, of this city, Squire Rose rendered a verdict for the plaintiff, giving him \$10. McGhie & Moore purchased 35 barrels of cabbage from the plaintiff under the impression that they were buying them from J. B. Hawk, who in reality was his agent. They had an old bill against Hawk, and when settling time came, took out the amount. Page objected, and the suit was the result. Page is not satisfied with the judgment and will appeal to common pleas.

### REBUILD AT ONCE.

The Standard Loss Is About Settled by the Adjustors.

The adjustors who have been busy on the loss of the Standard have almost completed the task, and it is expected that \$19,805 will be awarded the company for the loss sustained by the fire. The decision is so confidently looked for that the officials are preparing to rebuild. An architect was on the ground this afternoon, and the plans will be prepared at once, with a view to having the brick work all done before cold weather comes. The company are anxious to be in operation as soon as possible.

### TAKEN HOME.

Miss Frances Nessley is Recovering, But Unable to Walk.

Miss Frances Nessley, the lady who was so seriously injured in the street car accident at Carpenter's run when the car went over the culvert, is now at her home opposite Yellow Creek, having been brought from the Pittsburg hospital in a special car. She endured the fatigue of the trip very well, and was as bright and cheerful as usual. She is not yet able to walk, but the attending physician believes that in her own home she will soon recover. She was in the hospital four months.

### ONCE A WEEK.

Commissioner Welsh Says That Is the Limit.

In speaking of the street sweeper and its work today, Commissioner Welsh said that it was the plan of the department to clean every paved street in town once a week. Taking all things into consideration, this was the very best they could do, and he thought it was as much as could be expected. Second street, he said, had been cleaned like the rest. Even with this limited number of sweepings, the streets present a much better appearance than before the sweeper was purchased.

### SAVED THE STABLE.

A Garbage Barrel Was Blazing In an Alley.

A stranger was driving in the alley near the stable of Doctor Wanamaker last night when he discovered a garbage barrel in the alley on fire. He at once jumped out of the buggy, ran to a house near by and got a bucket of water. In a minute the fire was extinguished, and the danger was passed. Had the man not chanced to be near at that moment the building would undoubtedly have been burned. It was a narrow escape. The cause of the fire is unknown.

### The Child Was Lost.

A lost boy was hunting his mother on Jefferson street this afternoon, and after collecting a small knot of people was claimed by an excited woman, who said she lived in Simms addition, and had been looking for her son since noon.

## AVONDALE MUST SIGN

The People Can Now Decide on the Improvement.

### PAPER IS ALREADY PREPARED

Solicitor Clark Left No Opening When the Document Was Made, and if It Is Signed by the Property Owners the Street Will Be Paved.

If the people of Avondale want the street improved they must first sign an agreement promising to concede a few important points to council.

The paper was prepared today, and covers all the ground. The property owners who want the paving had enough to sign it will waive all rights if council acts at once in the matter, and prepares to pave with hard burned brick. There must be no claims for damages, and they agree to pay assessments upon their respective properties per foot front as they fall due. They waive all rights in the question relative to limitation and assessment in regard to the assessed value of the property. As can be plainly seen the matter now rests with Avondale street people. If they want the street paved they have nothing to do but sign the paper. A few days ago it was rumored that some people who had promised to sign had changed their minds, but it is understood that they will all come into line before council meets.

"I am in favor of having that paper signed by every one on the street," said a resident to a reporter, "and I believe it will be done sooner or later. It will cost us just what it would cost any one else situated in the same manner, and I do not believe council did anything out of the way in making this arrangement. It may take some argument, but I believe the majority will sign."

### A BIG BOARD BILL.

Fairfield Parties Ask for its Payment.

Special to NEWS REVIEW.  
LISBON, Oct. 4.—Edward Seeds and wife, residing at Fairfield, today sued the administrator of the estate of the late Henry Seacrist for \$1,172.52, the balance of an account for board. The petition alleges that they cared for the deceased from 1889 to 1895, and were paid \$1,000 on account, but the remainder of the account was never paid.

Another suit commenced today was the Farmers' Bank, of Salem, against the Salem-Garfield company, asking \$400 on a promissory note.

### A DISTRESSING ACCIDENT.

Fred Guppert Lost His Finger Nail at the Union.

Fred Guppert, an employe of the Union pottery, sustained a painful injury while at work yesterday afternoon. He was wiping off the friction plate with some waste when his hand was caught but, Mr. Guppert was equal to the emergency, and giving his hand a sudden jerk he freed himself from danger. In doing it he left the nail of a finger off his right hand, causing a wound that made him a great deal of suffering. The nail was torn off as completely as if done with pinchers.

### A Nest of Tramps.

The cold weather of the past few nights gathered a bunch of tramps in this vicinity, some of them sleeping at the brick works down the river, and others coming to the city, where they warmed at the potteries. The gang begged in town during the day, and as usual made themselves very obnoxious. A lady, in mentioning the visit of a tramp to her house this morning, suggested that the city establish a stone pile and work the wanderers when they come to town. The first few months, she believed, would be a warning that would keep them away all winter.

### A Skillful Operation.

A delicate operation was yesterday performed upon Mrs. Sebring, a Pittsburg lady now visiting in this city. The lady has for nine years been suffering from an abdominal tumor, which was skillfully removed by Doctor McVoy and Doctor Laughlin, the operation having been refused by prominent Pittsburg physicians. The result of the operation was for a short time in doubt but the lady is now recovering.

### A Lively Present.

Doctor McVoy today received from a friend in Florida a small alligator, which he has made captive in his office. The youngster is a lively one, although he seems to hold his head up higher and breathe with a fearless mien since his new owner has dignified him with the name of Ajax.

The missionary societies of the world may yet find it necessary to send shot and shell into Turkey, now that the other plan seems a failure.

PITTSBURG is making heroic efforts to secure the big Republican convention next year, and if it was within the gift of East Liverpool old Smoky would get the plum.

WHILE President Cleveland is off on a fishing trip and his cabinet are manifesting unusual interest in the politics of their various states the deficit is growing and the gold reserve is gradually dwindling away.

THE least local Democrats say about wages in the potteries the better it will be for the advancement of their cause. The late reduction was the direct result of a reduction in the tariff on pottery, as every workman in town well knows.

PORTS, of the Patriot, will not down. All the efforts of the gang to place a Brice collar about his neck have to the present time proved useless, and if his frame of mind does not change suddenly he will not be found in line when election day arrives.

COLONEL BRICE will not receive the soldier support of Ohio this year, because he remained in Washington silent as a clam while Hoke Smith was knocking off the pensions and taking away the just dues of the veterans. The colonel does not occupy a warm spot in the Ohio heart.

THE Democrats who want to elect Campbell governor and select a legislature that will send Colonel Brice, a resident of New York, to the senate, are the same men who made Grover Cleveland president three years ago, and later, plunged the nation into panic and debt. Paste that in your hat, and never trust the old gang again.

## THE RIGHT SPIRIT.

Hon. J. B. Foraker is level-headed and usually says the right thing at the right time to the right people. The other day he had occasion to condense the doctrine of Republicans, and with admirable energy said:

"We must have no more deficits, no more bond issues, no more gold syndicates, but ample revenues, and a sound currency, the poorest dollar of which, whether gold, silver or paper, will be as good as the best dollar of any country in the world."

The words are few, but they tell the whole story. While arraignment Democracy for causing this undesirable condition, the Little Corporal declares what Republicans not only want but that for which they will vote.

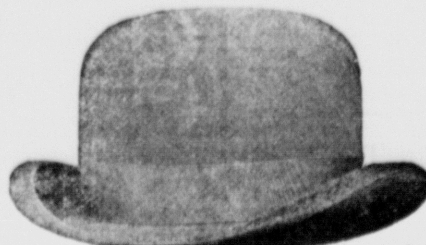

## Exposition Excursions.

On Thursdays, Sept. 19 and 26, Oct. 3, 10 and 17, excursion tickets to Pittsburg, account the exposition, will be sold at \$1.40 round trip for all regular trains via Pennsylvania lines from East Liverpool on those dates. The excursion rate includes admission to the exposition, and tickets will be good returning two days from date of sale. For tickets and time of trains apply to Adam Hill, ticket agent, East Liverpool, O.

## ATLANTA EXPOSITION.

Round trip tickets to Atlanta, Ga., account the exposition are now on sale via Pennsylvania Lines at reduced rates. Persons contemplating a trip to the south during the coming fall and winter will find it profitable to apply to ticket agents of the Pennsylvania lines for details. The person to see at East Liverpool, O., is Ticket Agent A. Hill.

## NO FIGHT IN MEXICO.

President Diaz Also Bars the Star Pugs.

DAN STUART RECEIVES OFFERS

From Mexico, Oklahoma, Indian Territory and Other Points For the Big Mill—A Meeting of the Florida Athletic Club Officials to Be Held Soon.

CITY OF MEXICO, Oct. 4.—Your correspondent endeavored to secure the opinion of General Diaz on the question of allowing the prizefight between Corbett and Fitzsimmons in Mexican territory, but the president was in seclusion with the members of his family on account of the death of his father-in-law, Manuel Romero Rubio. An intimate of the president, however, said the question had already been decided on at a consultation with the governor of Chihuahua, who had telegraphed for the president's opinion.

The latter had replied, peremptorily forbidding the prizefight occurring on Mexican soil. Overtures had likewise been unsuccessfully made to the government of the state of Hidalgo. General Diaz is opposed to the introduction of prizefighting here, and is extremely firm in the matter. This is absolutely authoritative, and disposes of the matter.

A Dallas special says: A large number of propositions have been received over the wires by D. A. Stuart from parties who desire to have the championship contest pulled off in their respective cities or states, as the case may be. A number from Mexico and others from the Indian Territory and Oklahoma. It is understood that Joseph Vendig of New York and other interested parties have been requested to come to Dallas for a conference with the president of the club. Nothing definite will be known until after interested parties have conferred and agreed upon a place for the meeting of the big fellows and the line of action to be pursued.

A San Antonio special says: Charles Campbell and several other parties in this city, among them a Mexican official, have made a proposition to Dan Stuart to get a concession in Mexico to pull off the fight there. Stuart has agreed, if absolute immunity from interference is guaranteed. The gentlemen, who have very high and influential connections in Mexican official life, today received telegrams announcing that the states of Chihuahua, Coahuila and Tamaulipas had granted concessions to pull off a "general athletic and bullfighting exhibition" in those states Oct. 31. Which, if any of these concessions will be used, will not be determined for several days. If the Chihuahua concession should be used, the fight will come off at Juarez, which is just across the river from El Paso. Laro and C. P. Diaz are the other two cities.

Each town will be asked to contribute toward the expense and the amount of contributions will be an element in selecting the place. The concessions carry with them an absolute guarantee of non-interference. There is a bullring at each place, capable of seating from 18,000 to 20,000. These will have to be repaired, and the railroads touching these points have volunteered to defray the expense of repairs. The gentlemen who have received the concessions are under contract to turn them over to Dan Stuart free of cost. They are to get their remuneration from the bullfights. Already, they have contracts with the famous troupe of toreadors in Mexico, and have received six bulls, which are said to be the most ferocious animals in the country.

An Austin special says: Governor Culberson has signed the anti-prizefight bill. The governor has been kept busy opening telegrams. Everybody, apparently from Maine to California, wants to congratulate the governor on the passage of the law.

## Earthquake Adds to the Terror.

CONSTANTINOPLE, Oct. 4.—To add to the state of terror prevailing here, a slight earthquake shock has occurred. This, with the rioting and bloodshed, the imprisonment of about 500 Armenians, the killing of prisoners in cold blood, and the presence of troops under arms at all points, is well calculated to excite even the most phlegmatic Turk.

## Hunters Blown to Pieces.

MONTPELIER, Ind., Oct. 4.—Andrew Cain and William Grose, coon hunters, built a fire over some nitroglycerin that had been buried in the ground. An explosion followed which blew both

men to atoms! Large trees nearby were torn out by the roots and pieces of flesh and clothing were hanging from their limbs.

## OHIO'S VITAL STATISTICS.

Statistician Smith Makes a Report for the Year Ending Last March.

COLUMBUS, Oct. 4.—C. M. Smith, the statistician in the office of the secretary of state, has completed the vital and social statistics of the state for the year ending last March. The number of marriages was 33,186; births, 61,548. Number of persons naturalized, 2,346. The number of drunkards is 48; idiots, 22; insane persons, 292; imbecile persons, 453. Number of wills admitted to probate, 4,182; letters testamentary, 2,681; letters of administration, 5,314; estates administered upon, 8,063.

Total sent to the insane asylums, white male, 982; female, 857; colored, male, 26; female, 17; total, 1,882. Boys sent to reform schools, 203; girls sent to reform schools, 75.

## COIT MAY GO FREE.

The Trial May Be Brought to an End for a Lack of Funds.

COLUMBUS, Oct. 4.—George K. Nash and Henry J. Booth, attorneys for Colonel A. B. Coit, whose trial for murder in connection with the Washington C. H. riots is to begin at Circleville next Monday, have issued precepts for 120 witnesses to testify in the case.

It is said that the trial may be brought to a sudden end about as soon as it is begun for the want of funds. Some time ago Fayette county served notice upon Pickaway county that she would not stand the expenses of the trial. Pickaway county has no fund from which the expenses can be taken, and witnesses cannot be compelled to attend without pay.

## Won't Freeze Out the W. &amp; L. E.

CLEVELAND, Oct. 4.—Speaking of the reports that have been in circulation for some time past to the effect that the Baltimore and Ohio Railroad company would by some means prevent the use of its recently acquired Valley road by the Wheeling and Lake Erie, as an entrance to Cleveland, according to the recent reorganization agreement, Receiver Keim of the Valley said: "All this talk about a scheme is a pack of lies. The Wheeling and Lake Erie will use the Valley tracks."

## Discovered a Human Head.

BERLIN, O., Oct. 4.—Tom McGiffin, while drilling in wheat near here, discovered a human head, which his drill turned up a few inches below ground. The head could not be recognized. The flesh was somewhat decomposed, one eye being out, four front teeth gone, and the top of the head removed. It is thought the head was taken from a corpse in the grave by medical students and certain parts removed for examination.

## Insane Convict Hangs Himself.

COLUMBUS, Oct. 4.—The body of Gilmore Harris, a colored prisoner from Cincinnati, has been found in his cell at the penitentiary, suspended from a bar in the ceiling by a sheet tied about his neck. He had twice before tried suicide, and as he was generally regarded as insane, he was kept in the prison insane asylum. His crime was manslaughter.

## Diaz's Father-in-Law Dead.

CITY OF MEXICO, Oct. 4.—Mannuel Romero Rubio, minister of the interior and father-in-law of President Diaz, is dead, having failed to rally from an operation for cancerous tumor. His age was 68. He was a good friend of Americans.

## Farmer and Horses Killed.

ELYRIA, O., Oct. 4.—Anthony Dolles, a farmer of Avon, this county, has been run down by a Nickel Plate passenger train while driving over the track and instantly killed. His horses were also killed.

## SMALL OHIO HAPPENINGS.

Walnut Creek Township, Holmes county, has not a single old soldier living in it. A big opium den was unearthed at Toledo. A former court interpreter at San Francisco is said to be the proprietor.

George Reece, who planned the big county jail delivery at Toledo several weeks ago, has been captured in Indian Territory.

A carrier pigeon, with a ring around its ankle, marked "F. L. G.," was caught at the farm of James Clark, last week, at New Moorefield.

A farewell reception was held in the Sunday school rooms of the High Street M. E. church, at Greenfield, in honor of the pastor, Rev. A. H. Lucas, D. D., who goes to Pittsburg.

Philo Wallace and Thomas Wallace, father and son, aged 68 and 38, were indicted by a special grand jury charged with assaulting Edie Wallace.

## TAMMANY'S OLD FOE.

Dr. Parkhurst Again Preparing For the Fray.

## ANTI-TAMMANYITES COMBINING.

The Chamber of Commerce Appoints a Committee of Fifty to Conduct the Campaign—Fusion Ticket to Be Nominated—A Reform Meeting Held.

NEW YORK, Oct. 4.—The first steps toward a union of the political forces opposed to Tammany Hall for the coming campaign were taken in meetings of the chamber of commerce and of representatives of the various anti-Tammany forces wherein it was resolved to put a fusion ticket in the field and to conduct a campaign against Tammany under the direction of a committee of fifty organized on the lines of the old committee of seventy.

The meeting of the chamber of commerce, held first, was to receive the report of its committee on municipal reform which is composed of five members of the committee of seventy. Dr. Parkhurst was present by invitation. The committee, through its president, Charles Stewart Smith, reported resolutions reaffirming the principle that the government of cities should be conducted on business principles and not subject to the contentions of political parties. A resolution presented by President Seth Low of Columbia college, was adopted, declaring in favor of a union against Tammany Hall.

Speeches were made by Dr. Parkhurst and others and it was decided to increase the membership of the chamber's committee on municipal reform from 50 to 75.

The anti-Tammany meeting, which followed was attended by reform Democrats, Republicans and Independents. Among them were Carl Schurz, Cornelius N. Bliss, James W. Pryor, General Horace Porter, Simon Stein, Charles Beaman, and several members of the old committee of seventy. Ex-Mayor Abram S. Hewitt sent a letter advocating a fusion ticket against Tammany.

The conference was harmonious and a letter was addressed to every political organization in the city, except Tammany Hall, requesting them to appoint representatives to confer with the committee of fifty and agree upon a fusion ticket to place in the field. It is said that Dr. Parkhurst has been hard at work since the good government club decided to run an independent ticket, and not take part in a fusion and that the meeting was largely the result of his efforts.

The executive committee of Tammany Hall met, discussed candidates for the coming municipal and legislative elections and also talked over the movements of the opposition.

## SOON TO BE A STATE.

Governor West Submits His Last Annual Report of Utah Territory.

WASHINGTON, Oct. 4.—Governor Caleb W. West has submitted his last annual report to the secretary of the interior. Before another report can be made the territory will become a state. The report is devoted almost wholly to statistics, showing the resources and conditions of the territory. The population is, according to the census of 1895, 247,324; property valuation, \$97,942,151.

Referring to the prospective admission, and enclosing a copy of the constitution that has been framed, the governor says that it is a source of satisfaction that after much strife beginning in 1886, Utah is about to enter the Union as a great and prosperous state, with a homogeneous, thriving, contented and happy people. The governor says that he expects the constitution will be adopted and that favorable action will be taken by the president. As the people will choose their representatives and officers for the state, he refrains from making any recommendations as to legislation, saying that officials will be in a position to do what is best for the state.

## Armed to Be Court-martialed.

WASHINGTON, Oct. 4.—It has been definitely decided by the war department to appoint a court-martial to try Captain G. A. Armes for his alleged offensive conduct toward Lieutenant General Schofield. Charges and specifications on which the trial will be based have been prepared by General Lieber, the judge advocate general of the army. Charge one is that of conduct to the prejudice of good order and military discipline. The second charge is "conduct unbecoming an officer and a gentleman."

## One Guilty and the Others Not.

INDIANAPOLIS, Oct. 4.—In the Indianapolis National bank case against Francis and Percival Coffin, for conspiracy, the jury has returned a verdict that Francis Coffin was guilty as charged and that Percival was not guilty. Francis Coffin warmly congratulated his brother upon the verdict. This is second trial for this offense, the charge in both trials being aiding and abetting President Theodore P. Haughey of the late Indianapolis National bank to wreck that institution.

## A Million Dollar Fire.

WARREN, R. I., Oct. 4.—One of the largest fires that has ever occurred in Southeastern New England broke out in one of the three mills of the Warren Manufacturing company, situated about an eighth of a mile from the center of this town, and before it was gotten under control it had swept through three large cotton mills, two warehouses, small stores, freight cars and other property, estimated at more than \$1,000,000.

## Li unmoned to Pekin.

LONDON, Oct. 4.—A dispatch to The Standard from Shanghai says that Viceroy Li Hung Chang has gone to Pekin at the special request of the dowager empress of China, with whom he has always had the most cordial relations. A grand scheme of administrative reorganization has been prepared between them, a prominent feature being the removal of the capital from Pekin to some more secure place in Central China.

NO FLIES ON HER.  
An East Liverpool Maiden Attacked by a Companion.

The flies, as every lady is aware, are a condemned nuisance. They invaded the handsome show window of an uptown millinery establishment yesterday, and it was necessary to "shoo" them out. Two lady employees, armed with heavy dusters, started the battle. No. 1 sprang upon the platform and began vigorous work, making a beauty of a back stroke just as No. 2 was stepping up, the duster dealing her a Corbett-like blow, fair in her handsome phiz. She was indignant for a moment, and then, realizing the comical side of the issue, broke out in hearty laughter, exclaiming: "Here, here, what's the matter with you? There are no flies on me."

CROWNING THE WINNER.

A Cake Walk That Will Have a Grand Ending.

The colored people of this city and Wellsville are making extensive preparations for a banquet that will take place the latter part of the month, the exact date not having been settled. Invitations have been sent to all of the adjacent towns, and many strangers are expected to participate in the pleasures of the occasion. A strong feature of the program will be a cake walk, the principal prize being a crown which will adorn the head of the lady who is awarded first place in the contest, and according to an enthusiastic resident who is interested, she will then be known as the star of the evening.

There is no medicine so often needed in every home and so admirably adapted to the purposes for which it is intended, as Chamberlain's Pain Balm. Hardly a week passes but some member of the family has need of it. A toothache or headache may be cured by it. A touch of rheumatism or neuralgia quieted. The severe pain of a burn or scald promptly relieved and the sore healed in much less time than when medicine has to be sent for. A sprain may be promptly treated before inflammation sets in, which insures a cure in about one-third of the time otherwise required. Cuts and bruises should receive immediate treatment before the parts become swollen, which can only be done when Pain Balm is kept at hand. A sore throat may be cured before it becomes serious. A troublesome corn may be removed by applying it twice a day for a week or two. A lame back may be cured and several days of valuable time saved or a pain in the side or chest relieved without paying a doctor bill. Procure a 50 cent bottle at once and you will never regret it. For sale by A. H. Bulger, druggist.

STRUCK THE MATCHES.  
The Peculiar Accident That Befel a Wheelman.

While riding on Sixth street last evening a peculiar accident befel Joe Herbert, of the NEWS REVIEW. When near Monroe street his front wheel struck a small stone, the handle bars were wrenched from his hands, and he rolled into the street, looking very much like a ball. Upon recovering his equilibrium he smelled something burning, and upon investigation found that a number of matches in his coat pocket had been ignited when he struck the pavement and were burning fiercely.

Welcome to East Liverpool.  
We will have another business man in this city, and accord him, as we do all reliable and trustworthy men, a warm and hearty welcome. Mr. J. E. Deaves, formerly proprietor of the City pharmacy, Salineville, has purchased the City pharmacy of East Liverpool from W. H. Pancake. Mr. Deaves is a graduate of pharmacy, having passed the examination by the State board, and for the past four years has conducted a successful pharmacy in Salineville. We have ample room for all such pushing, energetic men.

TRADE IN JERSEY.  
Trenton Seems To Be Getting Some Business.  
A correspondent from Trenton gives the following:  
"There has been no material change in the general pottery business of this city during the past two weeks. There is, however, a marked difference in the activity displayed in the individual potteries. While some complain that trade is slack and orders small, others have all they can attend to and are kept busy even with a full force of men at work. A moment's consideration will make the reason for this clear to anyone. Business, although greatly improved, has not fully regained its normal status, and there are not sufficient orders to keep everyone busy. Therefore the manufacturers who have been making the greatest inducements to buyers have secured nearly all the trade, while those who have been content to jog along in the old ruts have had to be satisfied with the little that remained."

A PERTINENT QUESTION.

It Comes From A Pittsburg Paper This Morning.

J. J. Purinton was in Pittsburg yesterday, and in conversation with a reporter told him of some of the difficulties encountered in the effort to convict the murderers of Frank Lenz. Editorially the paper says:  
"If it be true that the state department is not collecting any evidence with regard to the murder of Frank Lenz by Kurds in the Turkish interior, would it not be a good thing for the department to begin that task without further delay?"

A little knot of politicians were standing in the Diamond, when one remarked that the municipal battle next spring would be the hottest ever known in Liverpool, and all the others quickly nodded their heads in approval.

The usual stories about handsome new business blocks in the Diamond when spring comes are floating around once more, and it only remains for another tale of a big hotel at the corner of Sixth and Washington to complete the series.

condition try Dr. Cady's Condition Powders.  
They tone up the system, aid digestion, cure  
loss of appetite, relieve constipation, correct  
kidney disorders and destroy worms, giving  
new life to an old or over-worked horse. 25  
cents per package. For sale by druggists.

Caution about the Use and Selection of Spectacles  
Persons having normal vision will be able to read this paper at a distance  
of 14 inches from the eye with ease and comfort. Also will be able to read it  
with ease and comfort if it is placed in 10 or 12 inches from the eye. Persons  
who cannot do this should be cautioned. When the eye becomes tired from reading  
or writing, or if the letters look blurred and run together, it is a sure indication  
that glasses are needed. The lenses used in the cheap goods are of an  
inferior quality and have a tendency to injure the eyes. Outfit of one of these  
cheap glasses will result in positive injury from the constant strain upon the  
power of accommodation to supply the defect in the eye.

WHY

Does every man, woman and child endeavor to do the best they possibly can for themselves? It is human nature. Just the same reason that when a man or boy needs a new suit of clothes he strikes for our store. He does

NOT

waste time in going around among our competitors. They know by actual experience that we not only make it pleasant for you while at our store, but make it profitable as well. We want to keep you for our customer, and will

TRY

Our best to give you such satisfaction that we may always retain you for our customer. Our line of suits for men and boys this fall is exceedingly large, and our prices are so low that our competitors do not attempt to keep pace with us. Have you ever tried our store? If not, try

IT.

You will never regret it. Our values are big in each department. We do not handle trash in any line; you'll have to get that some place else, but we retail clothing, hats, caps, furnishings, goods, trunks, valises, &c., of surpassing worth, for the same prices you pay for trash in other stores.

WHAT

Will you need for fall wear? A Suit, Overcoat, Hat, Underwear, or possibly single pants? It matters not. We want you to pay us a visit. We guarantee we will make it pay you. Don't forget that we carry the most complete line of Trunks and Valises in the city. We want your trade. Come and see us.

Miss Laura Goddard Dead.

Laura, the daughter of Mr. and Mrs. George Goddard, died at their home in East End this morning, after a long struggle with consumption. She was popular with a large circle of friends, and her demise will be deeply regretted. The funeral will take place from the late residence on Sunday afternoon at 2 o'clock, and interment will be made in Spring Grove. Miss Goddard was 19 years old.

The ladies were delighted at the elegant display of pattern hats and bonnets and the novelties and trimmings, at Mrs. D. McDonald's grand millinery opening today. Don't miss it tonight and Saturday.

It's

Waterproof.

Interlined "Celluloid" Collars and Cuffs turn water like a duck's back and show neither spot nor soil. They are not affected by perspiration, and always look as if right out of the box. When they get soiled you can clean them in a minute by simply wiping off with a wet cloth. These are but a few of the advantages of wearing the "Celluloid" Collars and Cuffs. There are many others that you will readily discover the first time you wear one.

They are the only waterproof interlined collars and cuffs made. Be sure to get the genuine with this trade mark.

TRADE MARK.

TEMPLE CUP SERIES.

Cleveland Takes a Second Game From the Champion Baltimoreans.

CLEVELAND, Oct. 4.—The visitors were outplayed at every point in the second game for the Temple cup. Fully 8,000 people were in the stands and on the field. The Clevelanders began to do business in the first inning, when Burkett smashed a safe liner to center. A wild pitch by Hoffer sent Burkett to second and he scored on McKean's beauty to center, the latter taking second on the throw in. Childs sacrificed and McAleer was hit by the pitcher. Then Tebeau sent a fly to Keeler and McKean scored on the out. A moment later Zimmer sent a double to left and McAleer crossed the rubber, making three runs for the home team and clinching the game right there. Baltimore scored one in the second on a combination of hits and errors. Kelley was safe at first, Brodie fouled to Zimmer and Glenison was out on a long fly to Blake. Carey's hot one got away from Cuppy and Kelley went to third, scoring on McAleer's fumble.

Baltimore made its second run in the sixth. After Keeler was out on a pop fly to McKean, Jennings singled. Kelley struck out and Brodie singled, Jennings scoring while Brodie was being run down off first. Cleveland added one in the fifth. Burkett got to first on a slow one, but was forced by Childs. Hoffer's wild throw gave Childs third and he scored on Jennings' fumble of McAleer's grounder. In the sixth two more runs were scored. Zimmer went to first on balls, took second on McGarr's out and scored on Cuppy's two bagger, Cuppy coming home on Burkett's double. The run getting was ended in the seventh. Tebeau and Zimmer singled and the latter went home while Tebeau was being run out trying to make second. Score:

Cleveland.....8 0 0 0 1 2 1 0 0—7 11 3  
Baltimore.....0 1 0 0 0 1 0 0 0—2 5 8  
Batteries—Zimmer and Cuppy; Clarke and Hoffer. Umpires—McDonald and Keefe. Attendance, 8,000.

Australian Meat Affected.

WASHINGTON, Oct. 4.—The agricultural department has received information from English sources stating that among the cattle shipped to London from Australia six undoubted cases of pleuro-pneumonia were discovered. This, it is believed, will have an important bearing on the competition with our meats from that quarter, as it is presumed England will prohibit further importations from that quarter.

Cholera Deaths in Russia.

ST. PETERSBURG, Oct. 4.—In the province of Vorhynia for the first fortnight of September there were 7,827 cases of cholera and 3,085 deaths. In the province of Podolia during the first fortnight of September 51 new cases of cholera were reported and 19 deaths from that malady occurred.

A Riot at Budapest.

BUDAPEST, Oct. 4.—The passage of the civil marriage law has led to disturbances at Turdossin. The registrars were ejected by a mob and their books torn up. A priest who incited the populace to violence has been arrested.

Got a Pension.

A telegram from Washington says that a pension has been granted Henry Brunt, of East Liverpool. This is the first pension to come this way for several months.

ANXIETY FOR AN EXPLORER.

No News for a Long Time of Dr. Smith's African Expedition.

LONDON, Oct. 4.—Considerable anxiety is beginning to be felt in scientific centers regarding Dr. Donaldson Smith's African expedition, news of which is long overdue. According to the latest advices, Dr. Smith had been stopped by the Abyssinian army and it is feared that he has had to retrace his steps and go in a southwesterly direction.

He may thus have got behind the district where the British are now fighting Mburuk at Mwell, on the British East African coast, and have been caught by the natives. It is hoped, however, that when he heard of the fighting Dr. Smith made a detour, in which case he would be heard of from the neighborhood of Lake Tanganyika, or along the German or English lake routes.

## HAHN AND HIS HAND

The Insurance Commissioner Uses It To Write

A VERY IMPORTANT RULING

That May Have Some Effect On Hundreds Of People In This City—Fraternal Insurance Orders Must Be Filed—In Effect Next Year.

No city of the population in Ohio can boast the number and importance of secret societies such as those supported by the people of East Liverpool, and anything affecting their interests is of great interest to hundreds of people in this place.

As a rule the lodges have grown and waxed strong under the guiding hand of those who were their organizers and are even now, after years of sunshine and shadow, important in the weekly life of their members. Every order of any importance in the county is represented here, and there never seems too many for others to step in and occupy a part of the field. They are progressive and pushing, and have been the means of teaching many men and women the rudiments of parliamentary law as well as keeping their lives insured at a small cost, and it is the fraternal orders that Superintendent Hahn, of the state insurance department is after.

It is the duty of Mr. Hahn to keep an eye upon all insurance companies in the state, and the other day he made a ruling that has attracted wide attention and may cause unrest to thousands of people holding life certificates in secret fraternal organizations. It is the outcome of a case taken up by a Cleveland life insurance agent, into whose hands it fell because of the death of a relative, and is not to be wondered at for the simple reason that the old companies by no means love the fraternal insurance idea. The ruling says that:

"Fraternal orders and other secret organizations doing a life insurance business will be required to file annual statements in Ohio hereafter, and be amenable to the insurance laws like other companies dealing in insurance."

"It means that they must secure licenses and report concerning their solvency and full payment of claims. As it is now few, if any, of these organizations have their headquarters in Ohio, and are doing business without a great deal of attention from the state."

The statement of the case which, it is alleged, caused the ruling, says that a young man held a policy for \$2,000 in a prominent society. After he died the insurance was settled, but the widow only received \$1,394.70, the organization claiming justification in the action by the by-laws, which provided that in case the assessment levied for the purpose of meeting the death claim did not result in sufficient returns to meet it in full, the beneficiary was to be satisfied with the amount realized. The Cleveland agent tried for three months to get a settlement out of the order, but failing in this, he handed it to F. E. Hutchins, an attorney of Warren, who worked on the case, and then rendered an opinion from the standpoint of the law of the state where the headquarters of the order are located and the law of Ohio. It was ruled by him that established orders, such as the Masons, Odd Fellows, Knights of Pythias and others could issue life certificates as an incident of the order, but that no such body could be organized for the purpose of doing a life insurance business, with the fraternal feature secondary. In order to test the matter, a high official of the order made affidavit to the facts from the standpoint of the society, and it, with the opinion of the lawyer, was submitted to Commissioner Hahn. He, in turn, handed it over to the attorney general, and the ruling quoted above was the result. In support of his position, the agent, a Mr. Drake, gave the Cleveland Leader a letter from T. R. Fletcher, deputy superintendent of insurance, which said:

"We will state that the superintendent of insurance has ruled that all so-called fraternal orders, where the insurance feature is the primary object, and wherein the payment made or promised to be made to the beneficiary of the deceased member is an obligation upon the association, must become subject to the laws of this state governing assessment life associations; this rule to go into effect on and after Jan. 1 next. Under this ruling the only fraternal orders that are exempted are those wherein the payments made by the members are absolutely voluntary, and where the payments made to the beneficiaries of deceased members are in the way of charity, and not an obligation on the part of the order."

Whether the ruling will have any effect upon the insurance orders represented in the city remains to be seen. As a rule Liverpool people are conservative, and deal but little with wild cat schemes, having been bitten a time or two in the past. If the plan of Mr. Hahn does what it intends, only the best insurance orders can do business in Ohio, and the dangerous ones will be driven out.

## FOR THE JUDGESHIP.

The Plan as Presented by the Lisbon Man.

The article in the Lisbon Buckeye, brief reference to which was made in the NEWS REVIEW of yesterday, is reproduced entirely by request:

"Assuming as a fact—and about which there seems to be no doubt—that Judge Billingsley will resign his office as judge of the court of common pleas, the question as to his successor naturally arises. This is a question in which the people have the highest interest. The office concerns their property, their liberty and their lives. Our civilization requires that all questions of dispute between individuals shall be submitted to a court. The court awards what the law gives. The hand of the aggressor is stayed; the innocent and weak are protected by the shield of the law; the sword of justice protects society from the wrong doer. Every citizen has a keen interest in the court, as he may call at or be called to its bar at any moment. The many thousands of cases pending show that such appearance is not a mere possibility.

"The office of judge exists for the benefit of the citizen, and he is more nearly concerned as to who shall be judge than who shall represent him in the legislature. The judiciary is more important than the legislative department of our government.

"The constitution of our state provides for the election of the judges by the people, and is thereby in harmony with our theory that this is 'a government of the people, by the people and for the people.' The people are supreme, and the wisdom of their choice is not to be questioned.

"In case of a vacancy in the office of judge before an election the governor, as a matter of convenience, fills the vacancy by appointment, but only until a successor shall have been elected. The importance of the office requires that it shall be always filled, and an appointment instead of an election is a necessity. The appointment is merely an exception to the general rule, and in no wise affects the principle that the people should say who shall be judge. The governor will not appoint upon his own knowledge, but upon information. What more appropriate, then, than that the people should decide. Such indication would certainly be more potent with the governor than petitions. We all know the infirmity of petition.

"Should not the chairman of the Republican county committee immediately call a primary election for the purpose of recommending a suitable person for a judge? Let the voice of the people be heard. What say ye?"

## ONE OF THE PEOPLE.

### A SENSATIONAL STORY.

But the Court Records Will Not Bear It Out.

The published statement that the father of Daniel Courtney, who shot and killed James Swaney, a Cleveland and Pittsburgh brakeman, at Beloit, was once tried for murder in this county, seems to be a fake. As the tale went, the old man, about 60 years ago, was courting a belle of this county and her parents objected. They were arranging to elope, but one day she disappeared, and the next her body was found in a swamp and Courtney was arrested and tried for murder. He was acquitted, but was about to be lynched when he disguised himself and escaped. A careful search through the records at the court house this morning failed to reveal any such case, although the correspondent went back to 1825.

### A SERIES OF LECTURES.

Doctor Lee Has a Pleasant Surprise for His Congregation.

Doctor Lee, of the First Presbyterian church, has a pleasant surprise for his congregation, and will, on Sunday evening, give the first of a series of talks on John Bunyan and the Pilgrim's Progress. They will be illustrated by stereopticon views, and the excellent reputation the gentleman enjoys as a speaker will undoubtedly fill the church to overflowing. The special services that have been held this week will end tonight, and have been well attended. The cheerful appearance because of the many electric lights in the lecture room has already done much for the church.

## WE WILL NOT BE THERE

Liverpool to Have No Representation in Cincinnati.

NO MEETING OF THE BOARD

The Executive Council Was So Widely Scattered That It Was Useless To Call Them Together—Other Towns Will All Be There.

The great river convention meets in Cincinnati next Tuesday, but East Liverpool will not be officially represented.

When the movement to place the damming of the river before congress in a way that it could not be turned down was first inaugurated, it was thought that Liverpool would be represented by a committee from the board of commerce. In the meantime it developed that the executive committee of the board was widely scattered, and it would be impossible to obtain a meeting. Secretary Purinton thought it useless to have a scattered few take action on the matter, and it eventually developed that Liverpool would not be there this year. But other towns are represented, almost every place of importance on the stream sending some of its best and most influential citizens to take part in the first start. The originators of the plan are anxious to push it through, and if the united efforts of such enterprising business men as they have in Cincinnati, Pittsburgh, Wheeling and a dozen smaller but equally pushing towns amounts to anything, the river will be improved.

### THIS FOR CAREY.

A Well Earned Compliment For Tondix, Other Ball News.

"Hugh Jennings," says the Pittsburgh Telegraph, "is being jollied for his great work at short. Carey, the man who saves him errors, does not get the credit he deserves in helping Jennings make his record."

The fact that Cleveland beat Baltimore in the second game for the Temple cup caused some money to change hands in town last evening. Much interest is being manifested in the outcome of the series, Cleveland being the favorite here.

Some enthusiastic fans are endeavoring to arrange a game with a good team from one of the neighboring towns when all the professionals get home. If the plan can be carried out it will be the base ball event of the season.

There is a rumor abroad that Liverpool will have a salaried team next year, the head of which is an enterprising young man with money, who believes the city will stand a little better base ball than it has had in the past. It is understood that the scheme is well under way and that some players have been approached. It is sincerely hoped there is truth in the story.

### POOR WELLSVILLE.

The Supply of Water Is Almost Nothing.

The water supply of Wellsville is causing more trouble, and this time there is really danger. It is charged that the suction pipes are out of the water from the shore to the strainer, a portion of that being fanned by the pure breezes of the river. In the last 600 feet of pipe there is not a particle of caking in the joints, and through these the air is received and pumped through the town. Taken all in all the whole system is next to worthless, and it is said the authorities are thinking of hiring a few fire engines to take the place of the pumping station. If Wellsville had hearkened to the voice of warning from Liverpool and used water from our system it would not be in this condition.

### THE BRAKE CAUGHT.

A Peculiar Accident on the Electric Line.

The average street car of the Liverpool-Wellsville line has many experiences in the course of a few days, but it remained for an old one to bring out a new danger yesterday afternoon. The car was speeding along near the water works but not at a wild rate, when the track brake for some reason caught the guard rail. The car stopped in a hurry, and the motorman doubled over the dashboard as though he had been shot. The accident caused a suspension of travel for a time, but transferring was soon in progress, and the slight damage repaired.

### LOST A PAIR OF LEGS.

Awful Accident To A Dog On Franklin Street.

A large dog, evidently the pride of some fancier, met with an accident at the Horn switch yesterday afternoon. It is not known whether the animal

was struck by the pony or by a street car, but it is certain that his rear legs were cut off close to the body, and the poor brute was dragging himself along the street, presenting a pitiable sight. The animal bore his suffering patiently, and did not cry or moan. A number of people saw the animal, and while all hoped that some one would put it out of its misery, no one took action and it crawled away to die.

### MORE RAILROAD TALK.

Railroad Men Making Inquiries on an Old Route.

The news comes from the country north of the city that a party of men believed to be capitalists were along the old survey extending from Lisbon down the creek to the river. They asked many questions regarding the route, but gave out nothing of their intention. Some people who talked with them expressed the belief that another move was being made for the extension of the road from Lisbon to Liverpool. This city has heard so many stories of that character that it will require more than words to make the public believe.

### TO A HIGHER COURT.

The Winner of a Suit Not Satisfied With a Verdict.

After hearing the testimony in the case of J. A. Page, of Beaver Falls, against McGhie & Moore, of this city, Squire Rose rendered a verdict for the plaintiff, giving him \$10. McGhie & Moore purchased 35 barrels of cabbage from the plaintiff under the impression that they were buying them from J. B. Hawk, who in reality was his agent. They had an old bill against Hawk, and when settling time came, took out the amount. Page objected, and the suit was the result. Page is not satisfied with the judgment and will appeal to common pleas.

### REBUILD AT ONCE.

The Standard Loss Is About Settled by the Adjustors.

The adjustors who have been busy on the loss of the Standard have almost completed the task, and it is expected that \$19,805 will be awarded the company for the loss sustained by the fire. The decision is so confidently looked for that the officials are preparing to rebuild. An architect was on the ground this afternoon, and the plans will be prepared at once, with a view to having the brick work all done before cold weather comes. The company are anxious to be in operation as soon as possible.

### TAKEN HOME.

Miss Frances Nessley Is Recovering, But Unable to Walk.

Miss Frances Nessley, the lady who was so seriously injured in the street car accident at Carpenter's run when the car went over the culvert, is now at her home opposite Yellow Creek, having been brought from the Pittsburgh hospital in a special car. She endured the fatigue of the trip very well, and was as bright and cheerful as usual. She is not yet able to walk, but the attending physician believes that in her own home she will soon recover. She was in the hospital four months.

### ONCE A WEEK.

Commissioner Welsh Says That Is the Limit.

In speaking of the street sweeper and its work today, Commissioner Welsh said that it was the plan of the department to clean every paved street in town once a week. Taking all things into consideration, this was the very best they could do, and he thought it was as much as could be expected. Second street, he said, had been cleaned like the rest. Even with this limited number of sweepings, the streets present a much better appearance than before the sweeper was purchased.

### SAVED THE STABLE.

A Garbage Barrel Was Blazing In an Alley.

A stranger was driving in the alley near the stable of Doctor Wanamaker last night when he discovered a garbage barrel in the alley on fire. He at once jumped out of the buggy, ran to a house near by and got a bucket of water. In a minute the fire was extinguished, and the danger was passed. Had the man not chanced to be near at that moment the building would undoubtedly have been burned. It was a narrow escape. The cause of the fire is unknown.

### The Child Was Lost.

A lost boy was hunting his mother on Jefferson street this afternoon, and after collecting a small knot of people was claimed by an excited woman, who said she lived in Simms addition, and had been looking for her son since noon.

## AVONDALE MUST SIGN

The People Can Now Decide on the Improvement.

PAPER IS ALREADY PREPARED

Solicitor Clark Left No Opening When the Document Was Made, and if It Is Signed by the Property Owners the Street Will Be Paved.

If the people of Avondale want the street improved they must first sign an agreement promising to concede a few important points to council.

The paper was prepared today, and covers all the ground. The property owners who want the paving had enough to sign it will waive all rights if council acts at once in the matter, and prepares to pave with hard burned brick. There must be no claims for damages, and they agree to pay assessments upon their respective properties per foot front as they fall due. They waive all rights in the question relative to limitation and assessment in regard to the assessed value of the property. As can be plainly seen the matter now rests with Avondale street people. If they want the street paved they have nothing to do but sign the paper. A few days ago it was rumored that some people who had promised to sign had changed their minds, but it is understood that they will all come into line before council meets.

"I am in favor of having that paper signed by every one on the street," said a resident to a reporter, "and I believe it will be done sooner or later. It will cost us just what it would cost any one else situated in the same manner, and I do not believe council did anything out of the way in making this arrangement. It may take some argument, but I believe the majority will sign."

### A BIG BOARD BILL.

Fairfield Parties Ask for its Payment.

Special to NEWS REVIEW.

Lisbon, Oct. 4.—Edward Seeds and wife, residing at Fairfield, today sued the administrator of the estate of the late Henry Searist, for \$1,172.52, the balance of an account for board. The petition alleges that they cared for the deceased from 1889 to 1895, and were paid \$1,000 on account, but the remainder of the account was never paid.

Another suit commenced today was the Farmers' Bank, of Salem, against the Salem-Garfield company, asking \$400 on a promissory note.

### A DISTRESSING ACCIDENT.

Fred Guppert Lost His Finger Nail at the Union.

Fred Guppert, an employe of the Union pottery, sustained a painful injury while at work yesterday afternoon. He was wiping off the friction plate with some waste when his hand was caught but, Mr. Guppert was equal to the emergency, and giving his hand a sudden jerk he freed himself from danger. In doing it he left the nail of a finger off his right hand, causing a wound that made him a great deal of suffering. The nail was torn off as completely as if done with pinchers.

### A Nest of Tramps.

The cold weather of the past few nights gathered a bunch of tramps in this vicinity, some of them sleeping at the brick works down the river, and others coming to the city, where they warmed at the potteries. The gang begged in town during the day, and as usual made themselves very obnoxious. A lady, in mentioning the visit of a tramp to her house this morning, suggested that the city establish a stone pile and work the wanderers when they come to town. The first few months, she believed, would be a warning that would keep them away all winter.

### A Skillful Operation.

A delicate operation was yesterday performed upon Mrs. Sebring, a Pittsburgh lady now visiting in this city. The lady has for nine years been suffering from an abdominal tumor, which was skillfully removed by Doctor McVoy and Doctor Laughlin, the operation having been refused by prominent Pittsburgh physicians. The result of the operation was for a short time in doubt but the lady is now recovering.

### A Lively Present.

Doctor McVoy today received from a friend in Florida a small alligator, which he has made captive in his office. The youngster is a lively one, although he seems to hold his head up higher and breathe with a fearless mien since his new owner has dignified him with the name of Ajax.

The missionary societies of the world may yet find it necessary to send shot and shell into Turkey, now that the other plan seems a failure.

PITTSBURG is making heroic efforts to secure the big Republican convention next year, and if it was within the gift of East Liverpool old Smoky would get the plum.

WHILE President Cleveland is off on a fishing trip and his cabinet are manifesting unusual interest in the politics of their various states the deficit is growing and the gold reserve is gradually dwindling away.

THE least local Democrats say about wages in the potteries the better it will be for the advancement of their cause. The late reduction was the direct result of a reduction in the tariff on pottery, as every workman in town well knows.

PORTS, of the Patriot, will not down. All the efforts of the gang to place a Brice collar about his neck have to the present time proved useless, and if his frame of mind does not change suddenly he will not be found in line when election day arrives.

COLONEL BRICE will not receive the soldier support of Ohio this year, because he remained in Washington silent as a clam while Hoke Smith was knocking off the pensions and taking away the just dues of the veterans. The colonel does not occupy a warm spot in the Ohio heart.

THE Democrats who want to elect Campbell governor and select a legislature that will send Colonel Brice, a resident of New York, to the senate, are the same men who made Grover Cleveland president three years ago, and later, plunged the nation into panic and debt. Paste that in your hat, and never trust the old gang again.

## THE RIGHT SPIRIT.

Hon. J. B. Foraker is level-headed and usually says the right thing at the right time to the right people. The other day he had occasion to condense the doctrine of Republicans, and with admirable energy said:

"We must have no more deficits, no more bond issues, no more gold syndicates, but ample revenues, and a sound currency, the poorest dollar of which, whether gold, silver or paper, will be as good as the best dollar of any country in the world."

The words are few, but they tell the whole story. While arraigning Democracy for causing this undesirable condition, the Little Corporal declares what Republicans not only want but that for which they will vote.

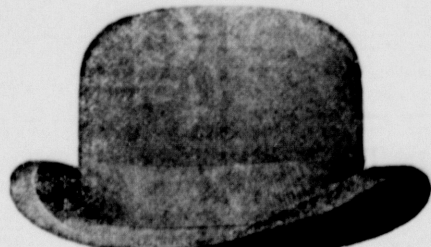

## Exposition Excursions.

On Thursdays, Sept. 19 and 26, Oct. 3, 10 and 17, excursion tickets to Pittsburg, account the exposition, will be sold at \$1.40 round trip for all regular trains via Pennsylvania lines from East Liverpool on those dates. The excursion rate includes admission to the exposition, and tickets will be good returning two days from date of sale. For tickets and time of trains apply to Adam Hill, ticket agent, East Liverpool, O.

## ATLANTA EXPOSITION.

Round trip tickets to Atlanta, Ga., account the exposition are now on sale via Pennsylvania Lines at reduced rates. Persons contemplating a trip to the south during the coming fall and winter will find it profitable to apply to ticket agents of the Pennsylvania lines for details. The person to see at East Liverpool, O., is Ticket Agent A. Hill.

## NO FIGHT IN MEXICO.

President Diaz Also Bars the Star Pugs.

## DAN STUART RECEIVES OFFERS

From Mexico, Oklahoma, Indian Territory and Other Points For the Big Mill-A Meeting of the Florida Athletic Club Officials to Be Held Soon.

CITY OF MEXICO, Oct. 4.—Your correspondent endeavored to secure the opinion of General Diaz on the question of allowing the prizefight between Corbett and Fitzsimmons in Mexican territory, but the president was in seclusion with the members of his family on account of the death of his father-in-law, Manuel Romero Rubio. An intimate of the president, however, said the question had already been decided on at a consultation with the governor of Chihuahua, who had telegraphed for the president's opinion.

The latter had replied, peremptorily forbidding the prizefight occurring on Mexican soil. Overtures had likewise been unsuccessfully made to the government of the state of Hidalgo. General Diaz is opposed to the introduction of prizefighting here, and is extremely firm in the matter. This is absolutely authoritative, and disposes of the matter.

A Dallas special says: A large number of propositions have been received over the wires by D. A. Stuart from parties who desire to have the championship contest pulled off in their respective cities or states, as the case may be. A number from Mexico and others from the Indian Territory and Oklahoma. It is understood that Joseph Vendig of New York and other interested parties have been requested to come to Dallas for a conference with the president of the club. Nothing definite will be known until after interested parties have conferred and agreed upon a place for the meeting of the big fellows and the line of action to be pursued.

A San Antonio special says: Charles Campbell and several other parties in this city, among them a Mexican official, have made a proposition to Dan Stuart to get a concession in Mexico to pull off the fight there. Stuart has agreed, if absolute immunity from interference is guaranteed. The gentlemen, who have very high and influential connections in Mexican official life, today received telegrams announcing that the states of Chihuahua, Coahuila and Tamaulipas had granted concessions to pull off a "general athletic and bullfighting exhibition" in those states Oct. 31. Which, if any of these concessions will be used, will not be determined for several days. If the Chihuahua concession should be used, the fight will come off at Juarez, which is just across the river from El Paso. Larelo and C. P. Diaz are the other two cities.

Each town will be asked to contribute toward the expense and the amount of contributions will be an element in selecting the place. The concessions carry with them an absolute guarantee of non-interference. There is a bullring at each place, capable of seating from 18,000 to 20,000. These will have to be repaired, and the railroads touching those points have volunteered to defray the expense of repairs. The gentlemen who have received the concessions are under contract to turn them over to Dan Stuart free of cost. They are to get their remuneration from the bullfights. Already, they have contracts with the famous troupe of toreros in Mexico, and have received six bulls, which are said to be the most ferocious animals in the country.

An Austin special says: Governor Culberson has signed the anti-prizefight bill. The governor has been kept busy opening telegrams. Everybody, apparently from Maine to California, wants to congratulate the governor on the passage of the law.

## Earthquake Adds to the Terror.

CONSTANTINOPLE, Oct. 4.—To add to the state of terror prevailing here, a slight earthquake shock has occurred. This, with the rioting and bloodshed, the imprisonment of about 500 Armenians, the killing of prisoners in cold blood, and the presence of troops under arms at all points, is well calculated to excite even the most phlegmatic Turk.

## Hunters Blown to Pieces.

MONTPELIER, Ind., Oct. 4.—Andrew Cain and William Grose, coon hunters, built a fire over some nitroglycerin that had been buried in the ground. An explosion followed which blew both

men to atoms. Large trees nearby were torn out by the roots and pieces of flesh and clothing were hanging from their limbs.

## OHIO'S VITAL STATISTICS.

Statistician Smith Makes a Report for the Year Ending Last March.

COLUMBUS, Oct. 4.—C. M. Smith, the statistician in the office of the secretary of state, has completed the vital and social statistics of the state for the year ending last March. The number of marriages was 33,186; births, 61,548. Number of persons naturalized, 2,346. The number of drunkards is 48; idiots, 32; insane persons, 292; imbecile persons, 433. Number of wills admitted to probate, 4,182; letters testamentary, 2,681; letters of administration, 5,314; estates administered upon, 8,003.

Total sent to the insane asylums, white male, 989; female, 857; colored, male, 26; female, 17; total, 1,882. Boys sent to reform schools, 203; girls sent to reform schools, 75.

## COIT MAY GO FREE.

The Trial May Be Brought to an End for a Lack of Funds.

COLUMBUS, Oct. 4.—George K. Nash and Henry J. Booth, attorneys for Colonel A. B. Coit, whose trial for murder in connection with the Washington C. H. riots is to begin at Circleville next Monday, have issued precepts for 120 witnesses to testify in the case.

It is said that the trial may be brought to a sudden end about as soon as it is begun for the want of funds. Some time ago Fayette county served notice upon Pickaway county that she would not stand the expenses of the trial. Pickaway county has no fund from which the expenses can be taken, and witnesses cannot be compelled to attend without pay.

## Won't Freeze Out the W. & L. E.

CLEVELAND, Oct. 4.—Speaking of the reports that have been in circulation for some time past to the effect that the Baltimore and Ohio Railroad company would by some means prevent the use of its recently acquired Valley road by the Wheeling and Lake Erie, as an entrance to Cleveland, according to the recent reorganization agreement, Receiver Keim of the Valley said: "All this talk about a scheme is a pack of lies. The Wheeling and Lake Erie will use the Valley tracks."

## Discovered a Human Head.

BERLIN, O., Oct. 4.—Tom McGiffin, while drilling in wheat near here, discovered a human head, which his drill turned up a few inches below ground. The head could not be recognized. The flesh was somewhat decomposed, one eye being out, four front teeth gone, and the top of the head removed. It is thought the head was taken from a corpse in the grave by medical students and certain parts removed for examination.

## Insane Convict Hangs Himself.

COLUMBUS, Oct. 4.—The body of Gilmore Harris, a colored prisoner from Cincinnati, has been found in his cell at the penitentiary, suspended from a bar in the ceiling by a sheet tied about his neck. He had twice before tried suicide, and as he was generally regarded as insane, he was kept in the prison insane asylum. His crime was manslaughter.

## Diaz's Father-In-Law Dead.

CITY OF MEXICO, Oct. 4.—Manuel Romero Rubio, minister of the interior and father-in-law of President Diaz, is dead, having failed to rally from an operation for cancerous tumor. His age was 68. He was a good friend of Americans.

## Farmer and Horses Killed.

ELYRIA, O., Oct. 4.—Anthony Dolles, a farmer of Avon, this county, has been run down by a Nickel Plate passenger train while driving over the track and instantly killed. His horses were also killed.

## SMALL OHIO HAPPENINGS.

Walnut Creek township, Holmes county, has not a single old soldier living in it. A big opinion den was unearthed at Toledo. A former court interpreter at San Francisco is said to be the proprietor.

George Reece, who planned the big county jail delivery at Toledo several weeks ago, has been captured in Indian Territory.

A carrier pigeon, with a ring around its ankle, marked "E. L. C.," was caught at the farm of James Clark, last week, at New Moorefield.

A farewell reception was held in the Sunday school rooms of the High Street M. E. church, at Greenfield in honor of the pastor, Rev. A. L. Lucas, D. D., who goes to Pittsburg.

Philo Wallace and Thomas Wallace, father and son, aged 68 and 38, were indicted by a special grand jury charged with assaulting Effie Wallace.

# TAMMANY'S OLD FOE.

Dr. Parkhurst Again Preparing For the Fray.

## ANTI-TAMMANYITES COMBINING.

The Chamber of Commerce Appoints a Committee of Fifty to Conduct the Campaign—Fusion Ticket to Be Nominated—A Reform Meeting Held.

NEW YORK, Oct. 4.—The first steps toward a union of the political forces opposed to Tammany Hall for the coming campaign were taken in meetings of the chamber of commerce and of representatives of the various anti-Tammany forces wherein it was resolved to put a fusion ticket in the field and to conduct a campaign against Tammany under the direction of a committee of fifty organized on the lines of the old committee of seventy.

The meeting of the chamber of commerce, held first, was to receive the report of its committee on municipal reform which is composed of five members of the committee of seventy. Dr. Parkhurst was present by invitation. The committee, through its president, Charles Stewart Smith, reported resolutions reaffirming the principle that the government of cities should be conducted on business principles and not subject to the contentions of political parties. A resolution presented by President Seth Low of Columbia college, was adopted, declaring in favor of a union against Tammany Hall.

Speeches were made by Dr. Parkhurst and others and it was decided to increase the membership of the chamber's committee on municipal reform from 5 to 50.

The anti-Tammany meeting, which followed was attended by reform Democrats, Republicans and Independents. Among them were Carl Schurz, Cornelius N. Bliss, James W. Pryor, General Horace Porter, Simon Stein, Charles Beaman, and several members of the old committee of seventy. Ex-Mayor Abram S. Hewitt sent a letter advocating a fusion ticket against Tammany.

The conference was harmonious and a letter was addressed to every political organization in the city, except Tammany Hall, requesting them to appoint representatives to confer with the committee of fifty and agree upon a fusion ticket to place in the field. It is said that Dr. Parkhurst has been hard at work since the good government club decided to run an independent ticket and not take part in a fusion and that his efforts were largely the result of his efforts.

The executive committee of Tammany Hall met, discussed candidates for the coming municipal and legislative elections and also talked over the movements of the opposition.

## SOON TO BE A STATE.

Governor West Submits His Last Annual Report of Utah Territory.

WASHINGTON, Oct. 4.—Governor Caleb W. West has submitted his last annual report to the secretary of the interior. Before another report can be made the territory will become a state. The report is devoted almost wholly to statistics, showing the resources and conditions of the territory. The population is, according to the census of 1895, 247,324; property valuation, \$97,942,151.

Referring to the prospective admission, and enclosing a copy of the constitution that has been framed, the governor says that it is a source of satisfaction that after much strife beginning in 1886, Utah is about to enter the Union as a great and prosperous state, with a homogeneous, thriving, contented and happy people. The governor says that he expects the constitution will be adopted and that favorable action will be taken by the president.

As the people will choose their representatives and officers for the state, he refrains from making any recommendations as to legislation, saying that such officials will be in a position to do what is best for the state.

## Armed to Be Court-martialed.

WASHINGTON, Oct. 4.—It has been definitely decided by the war department to appoint a court martial to try Captain G. A. Ames for his alleged offensive conduct toward Lieutenant General Schofield. Charges and specifications on which the trial will be based have been prepared by General Lieber, the judge advocate general of the army. Charge one is that of conduct to the prejudice of good order and military discipline. The second charge is "conduct unbecoming an officer and a gentleman."

## One Guilty and the Others Not.

INDIANAPOLIS, Oct. 4.—In the Indianapolis National bank case against Francis and Percival Coffin, for conspiracy, the jury has returned a verdict that Francis Coffin was guilty as charged and that Percival was not guilty. Francis Coffin warmly congratulated his brother upon the verdict. This is second trial for this offense, the charge in both trials being aiding and abetting President Theodore P. Haneghey of the late Indianapolis National bank to wreck that institution.

## A Million Dollar Fire.

WARREN, R. I., Oct. 4.—One of the largest fires that has ever occurred in Southeastern New England broke out in one of the three mills of the Warren Manufacturing company, situated about an eighth of a mile from the center of this town, and before it was gotten under control it had swept through three large cotton mills, two warehouses, and a saw, freight cars and other property, causing a loss which is estimated at more than \$1,000,000.

## Li Unmanned to Pekin.

LONDON, Oct. 4.—A dispatch to The Standard from Shanghai says that Viceroy Li Hung Chang has gone to Pekin at the special request of the dowager empress of China, with whom he has always had the most cordial relations. A grand scheme of administrative reorganization has been prepared between them, a prominent feature being the removal of the capital from Pekin to some more secure place in Central China.

NO FLIES ON HER.  
An East Liverpool Maiden Attacked by a Companion.

The flies, as every lady is aware, are a condemned nuisance. They invaded the handsome show window of an uptown millinery establishment yesterday, and it was necessary to "shoo" them out. Two lady employees, armed with heavy dusters, started the battle. No. 1 sprang upon the platform and began vigorous work, making a beauty of a back stroke just as No. 2 was stepping up, the duster dealing her a Corbett like blow, fair in her handsome phiz. She was indignant for a moment, and then, realizing the comical side of the issue, broke out in hearty laughter, exclaiming: "Here, here, what's the matter with you? There are no flies on me."

CROWNING THE WINNER.  
A Cake Walk That Will Have a Grand Ending.

The colored people of this city and Wellsville are making extensive preparations for a banquet that will take place the latter part of the month, the exact date not having been settled. Invitations have been sent to all of the adjacent towns, and many strangers are expected to participate in the pleasures of the occasion. A strong feature of the program will be a cake walk, the principal prize being a crown which will adorn the head of the lady who is awarded first place in the contest, and according to an enthusiastic resident who is interested, she will then be known as the star of the evening.

There is no medicine so often needed in every home and so admirably adapted to the purposes for which it is intended, as Chamberlain's Pain Balm. Hardly a week passes but some member of the family has need of it. A toothache or headache may be cured by it. A touch of rheumatism or neuralgia quieted. The severe pain of a turn or scald promptly relieved and the sore healed in much less time than when medicine has to be sent for. A sprain may be promptly treated before inflammation sets in, which incurs a cure in about one-third of the time otherwise required. Cuts and bruises should receive immediate treatment before the parts become swollen, which can only be done when Pain Balm is kept at hand. A sore throat may be cured before it becomes serious. A troublesome corn may be removed by applying it twice a day for a week or two. A lame back may be cured and several days of valuable time saved or a pain in the side or chest relieved without paying a doctor bill. Procure a 50 cent bottle at once and you will never regret it. For sale by A. H. Bulger, druggist.

STRUCK THE MATCHES.  
The Peculiar Accident That Befel a Wheelman.

While riding on Sixth street last evening a peculiar accident befel Joe Herbert, of the NEWS REVIEW. When near Monroe street his front wheel struck a small stone, the handle bars were wrenched from his hands, and he rolled into the street, looking very much like a ball. Upon recovering his equilibrium he smelled something burning, and upon investigation found that a number of matches in his coat pocket had been ignited when he struck the pavement and were burning fiercely.

Wall Paper, Wall Paper.  
We are going to close out our stock of wall paper and make room for new fall goods. We wish to begin at once and will make prices never known before in our city. Paper that sold for 25c, 35c and 50c will now be sold for 10c, 15c and 25c. Everything goes. All we can say is come in and see for yourself.

FERGUSON & HILL,  
5 and 10.

Welcome to East Liverpool.  
We will have another business man in this city, and accord him, as we do all reliable and trustworthy men, a warm and hearty welcome. Mr. J. E. Deaves, formerly proprietor of the City pharmacy, Salineville, has purchased the City pharmacy of East Liverpool from W. H. Pancake. Mr. Deaves is a graduate of pharmacy, having passed the examination by the State board, and for the past four years has conducted a successful pharmacy in Salineville. We have ample room for all such pushing, energetic men.

TRADE IN JERSEY.  
Trenton Seems To Be Getting Some Business.

A correspondent from Trenton gives the following:  
"There has been no material change in the general pottery business of this city during the past two weeks. There is, however, a marked difference in the activity displayed in the individual potteries. While some complain that trade is slack and orders small, others have all they can attend to and are kept busy even with a full force of men at work. A moment's consideration will make the reason for this clear to anyone. Business, although greatly improved, has not fully regained its normal status, and there are not sufficient orders to keep everyone busy. Therefore the manufacturers who have been making the greatest inducements to buyers have secured nearly all the trade, while those who have been content to jog along in the old ruts have had to be satisfied with the little that remained."

A PERTINENT QUESTION.  
It Comes From a Pittsburg Paper This Morning.

J. J. Purinton was in Pittsburg yesterday, and in conversation with a reporter told him of some of the difficulties encountered in the effort to convict the murderers of Frank Lenz. Editorially the paper says:  
"If it be true that the state department is not collecting any evidence with regard to the murder of Frank Lenz by Kurds in the Turkish interior, would it not be a good thing for the department to begin that task without further delay?"

MISS M. A. FARRELL'S  
Elegant millinery establishment, 146 Fifth street, was the center of attraction today, and the lady visitors expressed themselves as highly delighted with the stylish hats and bonnets, and the beautiful novelties and trimmings now on exhibition. You are sure to be in the fashion when you purchase your hats and bonnets at Miss Farrell's. Miss Anna E. Derry, head trimmer, has had ample experience in one of the finest millinery establishments in the city of Cleveland. Opening continues on Saturday.

Announcement.  
Having purchased the City pharmacy, formerly owned by Charles Pancake, I trust all former customers will continue patronizing the store, and ask for a share of the patronage of all others who may be in need of medicines. I will at all times strive to keep a complete stock and give immediate attention to all customers. Trusting I may be enabled to meet the wants of the public, I remain

Born to Mr. and Mrs. Wilson Smith, Thompson hill, a son.

Mrs. John Brookes, who has been an invalid for a number of years, is very low at her home in West End.

The morning train east was 20 minutes late, but the railroad people could not account for the cause.

Professor Gottschall, the well-known musician of this city, will take part in a concert at Toronto next week, singing a solo.

A Corbett-Fitzsimmons fight took place on Fifth street last night, and was witnessed by a number of people, in spite of the fact that the principals were only boys.

An enthusiastic meeting of the clerks was held last evening, and 13 new members were initiated. Other business of importance was transacted, but it was not given out.

The funeral of the late William Kinney took place from the residence of his brother, Joseph Kinney, in West Virginia yesterday, and was largely attended, the deceased having been very well known in that section.

A little knot of politicians were standing in the Diamond, when one remarked that the municipal battle next spring would be the hottest ever known in Liverpool, and all the others quickly nodded their heads in approval.

The usual stories about handsome new business blocks in the Diamond when spring comes are floating around once more, and it only remains for another tale of a big hotel at the corner of Sixth and Washington to complete the series.

Officer Meador took Dan Kelly this morning to the works. Kelly had no where to turn for the money demanded by Mayor Gilbert for the small circus he conducted in the Midway, and was compelled to bow to the inevitable.

There is a movement on foot for the organization of a theatrical society in Company E, the object of the organization being the collection of money to place the company on a firm basis. At a meeting last night the society was given a start.

The First Spiritual and Religious society will open their meetings for the season in the postoffice building, third floor, on Sunday night. Mrs. E. A. Demmons, of Pittsburg, will lecture and give tests. The members of the society never charge an admittance fee.

A big dance was held back of the city the other night, and the crowd in attendance, made up of Liverpool people, had a great time. They were promised beer by the barrel if they would come, but as they could find none when they got there the crowd was mad.

The football team recently organized by the high school played a practice game at the West End grounds yesterday afternoon. Although the boys are light, and will find this a great disadvantage when they meet some of the heavier teams of this section, they know the tricks of the game.

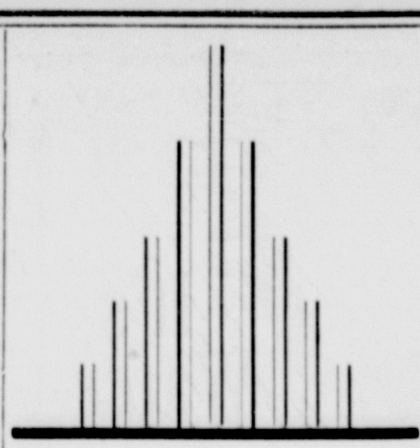

Some coal was brought into town last night and today, relieving the famine somewhat, but the dealers would like to have many more cars. Fortunately the cold snap has gone, and the demand is not great. The famine prevails wherever the Cleveland and Pittsburg is the only road.

The stockholders of the East End pottery feel very much encouraged over the condition of trade and the amount of it that has come their way. It is possible that an addition will soon be built to the plant. Harmony now prevails among the stockholders, and the petty differences that at times cropped out have all been settled.

All the arrangements for the big river convention at Cincinnati are complete, and a large number of people interested in the slackwatering of the Ohio will be present. Pittsburg will be there with a big attendance, determined to push the thing along and land the next convention for that city. The permanent organization formed at the meeting will be the first of its kind connected with the Ohio.

Miss Aiken, a missionary who has spent much of her life in Siam, attended the Presbyterian meeting in Steubenville yesterday, and accepted an invitation to come to this city tomorrow. She will lecture at the meeting of the Woman's Foreign Missionary society tomorrow afternoon at the First Presbyterian church, and all the ladies are invited to be present, as well as any others who may desire to hear the interesting lady talk.

The marriage license business took a boom today, and among a number of others that were issued, was one for Martin Deihl and Miss Maggie Shillinger, of this city. The others who declared themselves ready for matrimony were: Albert J. Dawson and Miss Alice Bunting, of Wellsville; T. H. Savage and Miss Musa Wanger, of Salineville; Mr. Overlander and Miss Aten, of East Palestine; John E. Hanlon and Miss Agnes Saloon, of Salem. Columbiana county is doing its duty in the line of marriages.

## WHY NOT

Does every man, woman and child endeavor to do the best they possibly can for themselves? It is human nature. Just the same reason that when a man or boy needs a new suit of clothes he strikes for our store. He does.

## TRY IT.

Our best to give you such satisfaction that we may always retain you for our customer. Our line of suits for men and boys this fall is exceedingly large, and our prices are so low that our competitors do not attempt to keep pace with us. Have you ever tried our store? If not, try.

## WHAT

Will you need for fall wear? A Suit, Overcoat, Hat, Underwear, or possibly single pants? It matters not. We want you to pay us a visit. We guarantee we will make it pay you. Don't forget that we carry the most complete line of Trunks and Valises in the city. We want your trade. Come and see us.

## Miss Laura Goddard Dead.

Laura, the daughter of Mr. and Mrs. George Goddard, died at their home in East End this morning, after a long struggle with consumption. She was popular with a large circle of friends, and her demise will be deeply regretted. The funeral will take place from the late residence on Sunday afternoon at 2 o'clock, and interment will be made in Spring Grove. Miss Goddard was 19 years old.

The ladies were delighted at the elegant display of pattern hats and bonnets and the novelties and trimmings, at Mrs. D. McDonald's grand millinery opening today. Don't miss it tonight and Saturday.

## More Movings.

William Roach will move his family from this city to Cannonsburg, Pa., where they will reside.

The arrival of families continues, and many houses that have been empty in town for months are being occupied. Mrs. McClurg, of Steubenville, moved here last evening, and the household goods of A. Wohlgenuth came in from the same place this morning.

Ladies, don't you fail to visit Mrs. D. McDonald's grand millinery opening tonight and tomorrow.

Buy your teas, coffees, spices and like articles at the Atlantic Tea Company store. It will pay you.

Williamson means what he says. Closing out.

## Like Our Fire Station.

G. W. Sell and E. F. Davidson, residents of Salem, were in the city today, and called at the fire station. They were shown the beauties of the department, and went away more than pleased, complimenting the boys highly upon the first class condition in which everything is kept.

The best fitting, ready made clothing, you ever wore at ERLANGER'S.

Our new stock of suits we just received will be of interest to men and boys to see.

It's Waterproof.  
Waterproof Collars and Cuffs turn water like a duck's back and show neither spot nor soil. They are not affected by perspiration, and always look as if right out of the box. When they get soiled you can clean them in a minute by simply wiping off with a wet cloth. These are but a few of the advantages of wearing the "Celluloid" Collars and Cuffs. There are many others that you will readily discover the first time you wear one.

They are the only waterproof interlined collars and cuffs made. Be sure to get the genuine with this trade mark.

Stamped inside, if you desire perfect satisfaction. Made in all sizes and all styles. If you can't get them at the dealers, we will send sample postpaid, on receipt of price: Collars, 25 cents each. Cuffs, 50 cents pair. State size, and whether you want a stand-up or turned-down collar.

## TEMPLE CUP SERIES.

Cleveland Takes a Second Game From the Champion Baltimoreans.

CLEVELAND, Oct. 4.—The visitors were outplayed at every point in the second game for the Temple cup. Fully 8,000 people were in the stands and on the field. The Clevelanders began to do business in the first inning, when Burkett smashed a safe liner to center. A wild pitch by Hoffer sent McKean's beauty to center, the latter taking second on the throw in. Childs sacrificed and McAleer was hit by the pitcher. Then Tebeau sent a fly to Keeler and McKean scored on the out. A moment later Zimmer sent a double to left and McAleer crossed the rubber, making three runs for the home team and clinching the game right there. Baltimore scored one in the second on a combination of hits and errors. Kelley was safe at first, Brodie fouled to Zimmer and Gleason was out on a long fly to Blake. Carey's hot one got away from Cuppy and Kelley went to third, scoring on McAleer's fumble.

Baltimore made its second run in the sixth. After Keeler was out on a pop fly to McKean, Jennings singled, Kelley struck out and Brodie singled, Jennings scoring while Brodie was being run down off first. Cleveland added one in the fifth. Burkett got to first on a slow one, but was forced by Childs. Hoffer's wild throw gave Childs third and he scored on Jennings' fumble of McAleer's grounder. In the sixth two more runs were scored. Zimmer went to first on balls, took second on McKean's out and scored on Cuppy's two bagger, Cuppy coming home on Burkett's double. The run getting was ended in the seventh. Tebeau and Zimmer singled and the latter went home while Tebeau was being run out trying to make second. Score:

CLEVELAND.....8 0 0 0 1 2 1 0 ~ 7 11 2  
BALTIMORE.....0 1 0 0 0 1 0 0 0 ~ 2 3 3  
Batteries—Zimmer and Cuppy; Clarke and Hoffer. Umpires—McDonald and Keefe. Attendance, 8,000.

## Australian Meat Affected.

WASHINGTON, Oct. 4.—The agricultural department has received information from English sources stating that among the cattle shipped to London from Australia six undoubted cases of pleuro-pneumonia were discovered. This, it is believed, will have an important bearing on the competition with our meats from that quarter, as it is presumed England will prohibit further importations from that quarter.

## Cholera Deaths in Russia.

ST. PETERSBURG, Oct. 4.—In the province of Vorhynia for the first fortnight of September there were 7,827 cases of cholera and 3,085 deaths. In the province of Podolia during the first fortnight of September 51 new cases of cholera were reported and 19 deaths from that malady occurred.

## A Riot at Budapest.

BUDAPEST, Oct. 4.—The passage of the civil marriage law has led to disturbances at Turdossin. The disturbers were ejected by a mob and their books torn up. A priest who incited the populace to violence has been arrested.

## ANXIETY FOR AN EXPLORER.

No News for a Long Time of Dr. Smith's African Expedition.

LONDON, Oct. 4.—Considerable anxiety is beginning to be felt in scientific centers regarding Dr. Donaldson Smith's African expedition, news of which is long overdue. According to the latest advices, Dr. Smith had been stopped by the Abyssinian army and it is feared that he has had to retrace his steps and go in a southwesterly direction.

He may thus have got behind the district where the British are now fighting Mburuk at Mwell, on the British East African coast, and have been caught by the natives. It is hoped, however, that when he heard of the fighting Dr. Smith made a detour, in which case he would be heard of from the neighborhood of Lake Tanganyika, or along the German or English lake routes.

## Mr. Clarkson Dies.

NEW YORK, Oct. 4.—Referring to the report that an effort is being made to make him United States senator from the proposed new state of Utah, J. S. Clarkson said that he could not under the law be elected to an office in Utah, as his residence is in Iowa, and always will be.
